Speech Criteria
When writing your speech, it is important not to make empty campaign promises or unrealistic commitments. Your goal should be to highlight your strengths as a leader and as a team player. Student Leadership is an important commitment and the successful candidates will not only be representing Year 10 but they will represent all students.

Please read the criteria below very carefully:

a) Your speech should go for no longer than 3 minutes and no less than 1 minute

b) You should include the qualities that you think make you a good leader – e.g. committed, organised, willing to give up your time etc. Provide examples if possible.

c) You should include any experience that you may have in the field of leadership

d) You should identify 1 -3 REALISTIC goals that you would like to bring to the Student Leadership Team if you were to be elected.

e) You should consider how you will deliver your speech in order to engage the audience. E.g. posture, tone, eye contact etc. Bribes, such as lollies are not permitted!

Your teachers are available to provide support with the structure of your speech. Good luck – Please remember to stick to the timeline.
