Statement

The community of MacKillop Catholic College encourages participation in sport as part of a holistic Catholic education.

Definition

A “holistic Catholic Education” promotes all aspects of a student’s development. i.e. academic, spiritual, social, emotional, moral and physical.

Rationale

Sport is an experience from which students can learn co-operation, respect for others and graciousness in both victory and defeat. In encouraging participation, as well as the pursuit of excellence, the College recognises the contributions of all involved in sport at MacKillop Catholic College.

Guidelines

1. Every effort will be made to provide equal opportunity to all students who wish to participate in a particular sport, whatever their skill level.

2. In representing the College, students will comply with any requirements the College may make in respect to dress, general appearance, punctuality, safety, behaviour and participation in the College’s program of activities.

3. Wherever possible, students should participate in teams appropriate to their year level or age group or ability.

4. Individual students should be given the opportunity to gain selection at representative level.

5. Students, parents, coaches and team managers are to comply with the SATIS Code of Ethics.
