MacKillop Year 10 MOVING UP conference – full program

Purpose:

The MOVING UP conference forms another aspect of our farewell to our Year 10 students together with the conclusion of the *Year 10 – My Future – career and transition program* that has been running throughout 2014.

The *My Future* program asked students to look ahead some years to the careers they wish to pursue, to look at the choices they may need to make to realise their career goals (courses, subjects, directions) and the steps they need to take to get there.

The Conference provides a further opportunity for students to explore the possibilities for their future direction and this year to explore career areas they may not have thought of.

Yours sincerely,

Roger Toombs

Development Officer

MacKillop Catholic College

1 November 2014
