

MacKillop
CATHOLIC COLLEGE

12 November 2020

Dear Parents/Guardians

Year 9 Science Extended Excursion – Tuesday, 1 December

On Tuesday, 1 December the Year 9 Science Extended class will be going to the Grote Reber Museum at Cambridge as part of the Astronomy unit. The Museum showcases the life and work of Tasmanian radio astronomer, Grote Reber and houses the University of Tasmania's radio telescopes. This excursion will occur during regular Science Extended class time on that day during Periods 5 and 6.

We will depart MacKillop Catholic College at lunchtime and travel to Cambridge via bus. Students are to bring their lunch with them including water to drink and a sunhat. We will return to the College in time for normal dismissal.

Please contact me if you require further information.

Kind regards

Chris Whitfort
Head of Department Science
