Creating Futures
for every student

**Year 11
and 12**

MacKillop
CATHOLIC COLLEGE

MacKillop Catholic College is proud to offer Year 11 and 12 education for young adults on the greater Eastern Shore and beyond.

As we enter our third year as a Senior College, we are delighted by the remarkable success we've achieved. Our comprehensive learning programmes, diverse career pathways, and outstanding student support make us a standout choice for Senior Secondary education. Students from across the region choose MacKillop for our strong sense of community, personalised care, academic focus, and unwavering support.

We warmly invite you to explore Year 11 and 12 at MacKillop Catholic College and start building your future today.

At MacKillop Our Mission is Simple -

Through high-quality education, tailored pathways, and a culture of care, we empower every student to reach their full potential, preparing them for success in both their studies and future careers.

At MacKillop, we don't leave the future to chance - we plan for it.

COMMUNITY

Why Choose MacKillop for Years 11 and 12?

Personalised Career and Pathways Program

We recognise that every student is different. That's why we offer individualised pathway planning for every Year 11 and 12 student, linking learning with real-world outcomes. Whether your young adult is aiming for university, vocational education and training (VET), or entering the workforce, we have the programmes and support in place to help them achieve their goals.

University Pathways

Prepare for tertiary education through TASC subjects and academic mentoring.

VET Pathways

Gain hands-on experience and practical skills through vocational education, including School-Based Apprenticeships.

Hybrid Approaches

Some students benefit from a blended pathway. Our flexible curriculum structure allows students to combine academic and vocational subjects, tailoring their programme to their strengths, interests, and future plans.

Stronger Future with Catholic Education

At MacKillop, we help young adults grow in character, confidence, and capability, equipping them with the skills they need for life.

Did you know? Graduates of Catholic schools are more likely to experience higher employment rates, greater life satisfaction, improved health outcomes, and higher lifetime earnings than their peers. (Source: bit.ly/4I5MZ5X)

Unique and Exciting Senior Student Opportunities

At MacKillop, Senior education is never just transactional. It is personal. You will be known, supported, and encouraged every step of the way. Alongside academic success, you will enjoy memorable experiences like Senior School trips, SATIS sports, the Senior Café, and more, making your final years both meaningful and rewarding.

**In 2024, 96% of our Year 12
students achieved their TCE!**
